## THE SCHOOL HORROR.

Chief Clerk Pomeroy Says the McAlisterville Children Are

WELL FED, CLOTHED AND HOUSED.

He Denies That Superintendent Higbee Suppressed

GENERAL WAGNER'S REPORT TO BEAVER A Movement to Reduce the Expenses of the Orphans Schools.

The other side of the story of the McAlisterville school horror is told in this morning's DISPATCH. The children are said to be well fed and kindly treated, and their mental troubles are alleged to be merely sympathetic and the result of mimiery. At the same time there is a movement on foot to separate the schools from the Department of Public Instruction, which is expected to

result in a large saving in salaries.

[FROM A STAFF CORRESPONDENT.] HARRISBURG, February 11.-Chief Clerk Pomeroy, of the Department of Soldiers Orphans' Schools, has been to McAlisterville, viewed the situation, and reports that with the exception of three children, the school at that place was all right when he left last evening. On his way from McAlisterville he met Inspector Greer on the way to the school to investigate the reports that have been published in the newspapers, and the latter will make a formal report to the department concerning the matter. Chief Clerk Pomeroy reports the children well clad and well fed, and quotes from the printed report of Dr. Banks and private conversations with him in support of this statement, and the statement that the buildings and quarters occupied by the children are in excellent sanitary condition.

The peculiar derangement originated with a weak-minded boy and a mimic. From

NO GIRLS ATTACKED.

"One peculiarity of the matter," said Mr. Pomeroy, "is the fact that not a girl has been affected. The studies of the school have been relaxed and when I left it was expected the three cases remaining would soon be well. One of the three was in bed, but it would not be strange if his case were the most difficult to deal with, as his parents are insane. I asked Dr. Banks would it be advisable to furlough those who were ill for the purpose of removing them from contact with those likely to be sympathetically affected. 'If you do that,' replied the doctor, 'you are likely to leave an opportunity of furloughing the majority of the children within 24 hours."" "Have you seen General Wagner's state-

"I have. He alleges that Superintendent Higbee suppressed his last report. The last report he made to us was published in our department report for 1886. He made a subsequent report to Governor Beaver, dated from Philadelphia, April 28, 1887. His report should have been made to the Superintendent of Soldiers Schools, but he not only entirely ignored the department in so doing, but specifically did so in the opening paragraph of his re-

port. We received a copy of that report, but as it was not made to the Department

AN INFORMAL REPORT.

Superintendent, we did not publish it.

The matter is simply this: General Wagner reported to the Governor, and reports to the Governor are not the property of our department. Hence, the department did not incorporate it with the annual report. This is the extent of the suppression. We received a copy of General Wagner's report to the Governor, and it is on file in the ent. Here is the opening paragraph of it, to which I have referred: To His Excellency, General James A. Beaver,

Having been appointed Inspector and Ex-aminer of Soldiers Orphans' Schools by your predecessor, which appointment was confirmed by you on February 11, 187, and being compelied to resign because of my appointment as Director of the Department of Public Works of this city, I beg to present this, my final, report to the authority under which I hold my

"In view of this," said Mr. Pomeroy, "the department could hardly be expected to treat General Wagner's report as its official property, and as for suppressing it, it was not Superintendent Higbee's to either suppress or publish."

REFLECTING ON HIGBER. The report in question makes severe re-

flections on Superintendent Higbee, calling him physically incapable of performing the duties of his office, and plainly intimating that there might be other reasons for the management not coming up to the expecta-tions of General Wagner. The General also complains to the Governor of the pumps for fire purposes.

Digeon-holing in the denartment of rules on either end are gang planks, which are pigeon-holing in the department of rules and regulations for the government of the schools. This, it may be remembered, was the subject of a pointed correspondence between Mr. Wagner and Superintendent Highee, in which the latter told the former if he meant that rules and regulations had been pigeon-holed in his department he told a deliberate falsebood. General Wagner, in reply, called Superintendent Highee a physical and mental dyspeptic, and in-timated that he was also a blackguard and These polite reflections on Superintendent Higbee at a time when his son was lying at the point of death terminated the correspondence.

The facts concerning that matter," said Chief Clerk Pomeroy, "are that the rules which we had drawn up for the government of the schools were sent to General Wagner for his approval or condemnation. When he returned them with recommendations we sent them to the Governor, who has them yet. We drew up rules of our own later, which we consider very satisfactory." AN ECONOMICAL SUGGESTION.

Further questions addressed to Mr. Pomeroy developed the following interesting facts concerning the legislation for Soldiers Orphans' Schools now before the Legislature: The proposition to separate the Soldiers Orphans' Schools from the Department of Public Instruction comes from R. at Erie, beginning to-Superintendent Highee himself. It will decrease his salary, it is true, but he does not take that into consideration. He says the schools need a separate superintendent during their closing year more than at any other time, as there is more danger that they will then be neglected. About the time of the inspection of the soldiers orphans' schools Superintendent Higbee is employed with the normal schools and must neglect one or the other. His plan is to abolish the offices of the inspectors in separating the department from the Educa-tion Department, and to have the work of inspection done by his inspector and chief clerk. Dr. Higbee and Inspector Greer conferred with the Governor on this point and the latter was so favorably impressed that in his annual message he suggested the separation of the departments. The bill introduced by Senstor McCreary to this cud, according to figures furnished by Mr. Pomeroy, reduces the expenses of the soldiers orphans' branch.

THE SALARY LIST. The expenses at present are as follows: Salary of Superintendent, in addition to his salary as Superintendent of Public In-struction, \$1,250; male inspector, \$1,800; fe-male inspector, \$1,200; chief clerk, \$1,800; additional clerk, \$1,400; traveling expenses, \$1,300; total, \$8,750. The expenses provided for by the new bill are: Superintend-ent, \$3,000; chief clerk, \$1,800; additional clerk, \$1,400; traveling expenses, \$1,500; total, \$7,700. The saving thus shown is \$1,050 per annum. It may be remarked here that Inspector Wagner in his last re-port recommended the separation of the soldiers orphans schools from the Department of Education, and suggested that the superintendent's salary be fixed at \$2,000.
"I do not know," said Mr. Pomeroy, "who the new superintendent will be if the bill passes, but if I am to remain in the departpasses, but if I am to remain in the department I hope it will be the present male inspector, ex-Senator Greer, who is one of the most careful and conscientious men I ever met. There have been no admissions to the schools since 1887, and none are contemplated now, but it is proposed to continue the schools until 1895 for the reason already stated in your paper—justice to the young children who are now wards of the State. This has the indorsement of the Governor and the Grand Army committee. As to the children at McAlisterville, I lound them a rosy-checked lot of youngsters, but as to the rosy-cheeked lot of youngsters, but as to the general details of the institution I refer you to the formal report, which will be made by Inspector Greer." SIMPSON.

THE Judge directed the jury to bring in a verdict for the defendant in the case of P. H. Melvin versus Clarion county. Plaintiff had claimed damages from the county because they failed to furnish him with detailed drawings for the Court House.

THE drygoods store of Geeting & Vickers, Canton, was closed yesterday by the Sheriff upon executions aggregating \$11,000, in favor of local parties. Shortly after the doors were locked the firm made an assignment to John B. Deweese. The stock will invoice about \$15,000.

MRS. JOSEPH GRONER, who lives on Washington street, Fairport, went out last evening to make a call. Joseph and Carrie, twins, 2 years and 8 months old, were left in the house in charge of an 18-year-old brother. The young man left the house, and while he was away the building caught fire and burned down. The bodies of the twins, terribly charred, have been recovered. Mrs. Groner is nearly wild with grief, and her life is despaired of.

THE trial of Michael Rizzolo, alias "Red Nosed Mike," the notorious murderer of Luzerne county, was resumed yesterday morning. The evidence being all in and the arguments closed, the Judge charged the jury and at 12:15 the jury retired. In just one hour it filed into court again and returned a verdict of murder in the first degree. The prisoner heard the verdict unmoved, and was remanded until next Saturday, when sentence will be passed.

BURGLARS raided a number of Newark houses Sunday night. A suspicious-looking character was arrested yesterday while he was jumping on a Panhandle east-bound freight. He gave the name of Frank Hagan, of Pittsburg. Stolen goods were found on him and he was identified as one of the men who burglar-ized the joint ticket office of the Baltimore and Ohio and Panhandle at Union station. A trial before the Mayor resulted in his being bound

BEFORE daylight yesterday and shortly after the miners had gone to work in the Brady's Bend Mining Company's mines, near East Brady, a loaded car of coal broke loose at the top of the incline and dashed to the bottom, instantly killing Edward M. Baker, aged 24, a miner, and seriously if not fatally injuring the weighmaster, Robert E. Criswell, who had a leg broken and received internal injuries. The tipple house was totally destroyed by the flying pieces of car and coal.

JUDGE MEHARD yesterday rendered his decisions on the liquor applications from all towns in Mercer county, and the result is almost a complete route for the liquor men. Of the 21 applications but 7 were granted, 3 in Greenville and 4 in Sharon. The Carver and Messer Houses, two of the largest hotels be-tween Erie and Pittsburg, were refused license. But one wholesale applicant, George Dresch, of Sharon, was successful in obtaining license. The Judge's decision created great surprise. EXECUTIONS were issued yesterday and

levies made on the property of Zadock B. Springer, an extensive hardware and farm implement dealer of Uniontown. The judgments entered against him so. far aggregate \$33,175, entered against him so. far aggregate \$50,175, while suits pending and other unsecured indebtedness will likely run his liabilities to \$55,000. The principal creditors are the First National Bank, of Uniontown, for \$19,022; Captain Sam Brown, of Pittsburg, \$7,500, and Walker Stratman & Co., \$4,378. Springer's property, three farms, two business houses and stock is worth about \$30,000.

The gang plank is hollow, and in case of a steamer on fire, may be used as a shield to work from. The estimated cost is \$50,000.

An Injunction Secured.

H. D. Heath, the Lincoln Township Road Assessor, has secured another injunction against the McKeesport and Belle Vernon Railroad Company, to prevent it from de-stroying the township road. The road is aunounced to commence running trains by February 18. It will give Elizabeth, Pa., another outlet.

# Dyspepsia

Is one of the most prevalent of diseases. Few persons have perfect digestion. One of Ayer's Pills, taken after dinner, or a dose at night before retiring, never fails to give relief in the worst cases, and wonderfully assists the process of nutrition. As a family medicine, Ayer's Pills are unequaled.

James Quinn, 90 Middle st., Hartford, Conn., testifies: "I have used Ayer's Pills for the past thirty years and con-sider them an invaluable family medical cine. I know of no better remedy for liver troubles, and have always found them a prompt cure for dyspepsia." Lucius Alexander, of Marblehead.
